THE PAST · THE PRESENT · THE FUTURE

Forty years after the signing of the Ottawa Charter, the Italian HPH Networks are organizing a day of reflection, critical assessment, and forward-looking perspectives on the approach to health promotion. The conference is structured around three timeframes

- **The Past –** the origins of the Ottawa Charter and the development of the HPH movement (Health Promoting Hospitals and Health Services)
- **The Present –** the evolution of the International HPH Network and current strategies to strengthen health-promoting healthcare services
- **The Future –** emerging priorities, including staff well-being, communication, equity, intersectoral collaboration, social prescribing, artificial intelligence, and organizational transformation
